

A BILL FOR AN ORDINANCE

RELATING TO AUTOMATED EXTERNAL DEFIBRILLATORS.

BE IT ORDAINED by the People of the City and County of Honolulu:

SECTION 1. Purpose. The purpose of this ordinance is to promote public health, safety, and welfare by enhancing access to automated external defibrillators.

SECTION 2. Chapter 16, Revised Ordinances of Honolulu 1990 ("Building Code of the City and County of Honolulu"), is amended by adding a new article to be appropriately designated by the revisor of ordinances and to read as follows:

"Article __. Automated External Defibrillators

Sec. 16-__.1 Definitions.

"Automated External Defibrillator" means a portable electronic device, approved by the United States Food and Drug Administration, that is capable of diagnosing cardiac arrhythmias and that uses defibrillation to reestablish an effective cardiac rhythm.

"City building" means any building or portion thereof that is owned or leased by the city and is occupied by city employees.

"Newly constructed building" means any building constructed on or after January 1, 2018 and that has an occupant load of 50 or more. For purposes of this definition, a building will be deemed to have been constructed on the earlier of: 1) the date of issuance of a certificate of occupancy for the building, or 2) the date of its first occupancy.

Sec. 16-__.2 Requirement to provide automated external defibrillators.

Every city building and newly constructed building, as defined in this article, must have installed and maintained therein automated external defibrillators in accordance with the requirements of this article. At least one automated external defibrillator that is accessible to residents, employees, and the public, as applicable, must be placed on each floor level. Appropriate signage must be posted to indicate the location of the automated external defibrillators.
